Introduction

The Revenue Administration Division (RAD) of the Comptroller of Maryland is responsible for collecting the alcoholic beverages and tobacco tax, and the Alcohol and Tobacco Commission (ATC) is responsible for regulation and enforcement of the State's alcoholic beverages and tobacco laws.

This annual report provides data and statistics related to both the tax collection function of the Revenue Administration Division and the regulatory function of the Alcohol and Tobacco Commission. All information in this report, including but not limited to revenue, licensure, and other regulatory activities are for fiscal year 2022: July 1, 2021 through June 30, 2022.

This report additionally contains the Annual Brewer's Report pursuant to the Brewery Modernization Act of 2019. This report contains accumulated data from Maryland manufacturing license holders on their total beer production and total on-site consumption under an on-site consumption permit, a Class D beer license, or an equivalent license in the preceding fiscal year.

Taxes

The Maryland Alcoholic Beverages Tax is imposed at the following rates:

- Distilled Spirits: * \$ 1.50/gallon or 39.63 cents/liter
- Wine: \$ 0.40/gallon or 10.57 cents/liter
- Beer, Hard Cider, and Mead: \$ 0.09/gallon or 2.3778 cents/liter

Flavored Malt Beverages (FMBs) are taxed at the same rate as beer. If distilled spirits contain a percentage of alcohol greater than 100 proof, or 50% alcohol, an additional tax for each 1 proof over 100 proof is 1.5 cents for each gallon or 0.3963 cents for each liter.

Local jurisdictions are prohibited from imposing an alcohol tax. After paying refunds and the administrative costs of the Comptroller, alcohol beverage taxes are distributed to the General Fund of the State.

The Maryland Tobacco Tax is imposed on cigarettes and other tobacco products. Local jurisdictions are prohibited from imposing a tobacco tax on cigarettes. From July 1, 2020 through March 13, 2021 the tobacco tax rate for cigarettes was \$2.00 on a 20-cigrette pack, an additional \$.10 cent tax for each cigarette in a package of more than 20 cigarettes, and a \$ 0.10 cent tax for each cigarette in a package of free sample cigarettes. If the cigarette pack has 10 or fewer cigarettes, the tax was \$ 1.00 for each pack. Effective March 14, 2021, the tobacco tax rate for cigarettes is \$3.75 for each package of 20 cigarettes and 17.5 cents for each cigarette in a package of more than 20 cigarettes.

The tax rate for OTP is a percentage of the wholesale price, which means the price for which a wholesaler buys other tobacco products, exclusive of any discount, trade allowance, rebate, or other reduction. From July 1, 2020 through March 13, 2021 the tax rate for OTP was 30% of the wholesale price, which means the price for which a wholesaler buys other tobacco products, exclusive of any discount, trade allowance, rebate, or other reduction. The tobacco tax rate for cigars was 70% of the wholesale price of the cigars. The tobacco tax rate for premium cigars was 15% of the wholesale price of the premium cigars. Effective March 14, 2021, the tax rate for OTP is 53% of the wholesale price of the tobacco products. The tobacco tax rate for cigars is 70% of the wholesale price of the cigars. The tobacco tax rate for premium cigars is 15% of the wholesale price of the premium cigars. The tobacco tax rate for pipe tobacco is 30% of the wholesale price of the pipe tobacco.

Tobacco tax revenues are used to pay for refunds, and the Comptroller's administrative costs with the balance distributed to the General Fund of the State.

The Clerks of the Court issue cigarette retail licenses and as of May 1, 2011, OTP retailer licenses and tobacconist licenses.

HB324/SB72 – Minority Participation in the Alcoholic Beverages Industry – Study

This bill requires the Governor's Office of Small, Minority, and Women Business Affairs (GOSMWBA) to conduct a study concerning minority participation within the Alcoholic Beverages Industry in the State of Maryland. The study will be overseen by GOSMWBA and conducted in consultation and cooperation with other agencies. The study shall include consideration and development of legally supportable mechanisms to increase the participation of minorities in each tier of the industry. HB550/SB476 – Manufacturer's Licenses and Off-Site Permits – Sunsets

This bill amends Chp. 359 and 360 of the 2021 Session Laws, and Alc. Bev. Art. 2-130. This bill extends the ability of the holders of certain manufacturers licenses to provide direct shipping to customers in Maryland. The privilege to provide direct shipping and off premise sales without a volume cap continues until June 30, 2023. This bill reverts the 288 ounce cap on off-site sales for Class 5/8 effective July 1, 2023. This bill also makes permanent privileges outlined in HB1232/SB821, which was passed during the 2021 MGA session. The bill created Off-Site Permits to be issued by the ATC. The Off-Site Permit allows for manufacturers to provide samples, on-premise sales, and off-premise sales. This bill created a limited additional event permit - up to 32 maximum events and no more than 9 in one place - throughout the

State of Maryland, which allows its holder to provide samples, on premise sales, and off premise sales at events where the primary purpose of the event is not the sale of alcoholic beverages (wedding or private event); and permit holder is an accessory to the event. ATC can adopt regulations to ensure notification to local jurisdictions. This bill created a Special Event Permit for Class 5 and 8 Breweries – 12 permits a year. This special event permit allows permit holders to hold an event on premises that allows for the holder to provide samples, sell their products, and the products of other breweries. This bill also makes permanent increased gallonage limitations to Class 5 and Class 7 breweries and allows Class 8 breweries to sell off-premises. This bill also recodifies the responsibility of the annual gallonage report to the ATC from the Comptroller. This bill is effective July 1, 2022.

SB594 – Winery and Vineyard Economic Development Grant Program

This bill amends Eco. Dev. Art. 5–1901 through 5–1903. This bill creates a winery and vineyard Economic Grant Program within the Department of Commerce. The purpose of the Program is to provide financial assistance to individuals and corporations to establish a new winery or vineyard in the state, or complete capital improvements at an existing winery or vineyard. This bill applies to Class 3 and Class 4 Wineries in the State of Maryland. The grant provides up to 25% of qualified capital investments to a new winery or vineyard or capital improvements made to an existing winery. Submission of grant applications are to be made by 9/15 to the Department of Commerce to be awarded by 12/15 of each year. The program is to be funded by the Governor at a rate of \$1M per year. This bill is effective June 1, 2022

HB854/SB698 – Alcoholic Beverages – Maryland Alcohol Manufacturing and Promotion

This bill amends Eco. Dev. Art. 5–1901 through 5–1912, and Tax Gen. Art. 2–301 and 5–105. This bill creates the Advisory Commission on Maryland Alcohol Manufacturing (ACMAM) within the Department of Commerce, which replaces the Advisory Commission on Maryland Wine and Grape Growing. The ACMAM consists of an array members from industry groups and governmental agencies who serve 3-year staggered terms. The Governor selects a Chair of the Committee; the Committee votes for a Vice Chair of the Committee and other officers. The Department of Commerce staffs the Commission. The ACMAM advises and recommends to the Secretary of Commerce for approval the allocation of money from the Maryland Alcohol Manufacturing Promotion Fund to eligible applicants for programs considered necessary or advisable to provide a forum to address the issues that are relevant to the growth of the industry and identify strategies to facilitate growth on viticulture and other products. The Maryland Alcohol Manufacturing Promotion Fund purpose is to provide grants that promote the advantages and attributes of State breweries, distilleries, and wineries, and their products manufactured in the State. The Advisory Commission is to issue an annual report to Governor, EHEA and EM each year. This bill is effective July 1, 2022.

SB907/HB328 – Elections – Polling Place Location Restrictions – Repeal

This bill amends Election Law 10-101. Current law only allows having a polling center in a location with an alcoholic beverages license if it is a location of last resort. If a polling place is in an establishment with an alcoholic beverage license, the license holder is forbidden from serving alcohol 2 hours before and 2 hours after the hours of the election. This bill allows the State Board of Elections to adopt rules and regulations that would direct local board of elections to prioritize the placement of polling stations that are not owned, occupied, or partially occupied by an establishment that holds an alcoholic beverage license. In doing so, this bill eliminates the consumption restriction outlined in current law. If regulations are not adopted by the State Board – or DLS has not received notification – by August 31, 2022, then the law reverts back, reimposing current restrictions. The bill is effective April 21, 2022. State Board of Elections subsequently passed 33.15.03.07 that allows local boards to use licensed establishments as locations for polling places as long as the public activities concerning the sale of alcoholic beverages do not interfere with voting activities and no alcoholic beverages are sold or consumed within electioneering boundaries.

HB924 – Alcoholic Beverages – Class 4 Limited Winery Licenses – Extension

This bill amends Chp. 542 of the 2018 Session Laws. This bill extends the exemption and waiver process that requires Class 4 limited wineries to use Maryland fruit or grapes in making their wine. For Class 4 Limited wineries who were issued a license PRIOR to 6/30/2018, if the Secretary of Agriculture determines that there are an insufficient amount of grapes, then the license holder can use fruit or juice from outside of the State. These pre-6/30/2018 license holders operate under this exemption until April 30, 2024. For Class 4 Limited wineries who were issued a license AFTER 6/30/2018, they must have 20 acres that they own or are under contract that grow Maryland fruit; or if they have less than 20 acres, they shall ensure that 51% of their juice or fruit used in wine comes from Maryland. Exception – If they do not meet this thresholder the Secretary of Agriculture can grant these license holders a one year exemption after consulting the Governor's Wine and Grape Advisory Commission [Advisory Commission on Maryland Alcohol Manufacturing], the Maryland Grape Grower's Association, and the Maryland Wineries Associations, and other interested parties. This bill is effective on April 15, 2022.

HB1253 – Alcohol and Tobacco Commission – Clarifications

This bill amends Alc. Bev. Art. 1–201, 1–304, 1– 311, 1-317, 1-321, 4-505, 1-314, 1-315, and Bus. Reg. Art. 16–101. This bill empowers the Executive Director to enter into MOUs with federal, state, and local government entities to support operational matters and efficiencies in executing the alcohol and tobacco laws of the State. Alcohol awareness requirements now apply to a "premise that is licensed to sell alcoholic beverages for on-premises consumption." The amened text in the Alcoholic **Beverage Article and Business Regulations** Article expand the power of the ATC to regulate tobacco products as follows: Includes the Executive Director and Commission within the purpose and general powers clauses of the Alcoholic Beverages Article, and it prohibits the Commission from having a financial interest in a remote seller of premium Cigars and Pipe

tobacco. Amends the Alcoholic Beverages article to vest power to regulate premium cigars and pipe tobacco with the Executive Director, maintain records of such establishments, and expands the authority of the Office of the Executive Director to jointly enforce tobacco tax related laws. The Executive Director of the ATC can accept surrendered licenses of subwholesalers and wholesalers of cigarettes. Includes the Executive Director of the ATC as an enforcement arm of the Master Settlement Agreement, alongside the Attorney General's Office and Comptroller. Requires the Executive Director to oversee the process and issue Fire Safe Certifications of cigarettes within the State of Maryland. The bill is effective June 1, 2022.

The security plan must include hiring of security personnel, placement of security officers, metal detectors, communication strategy between police and security, contact information of security, license holder, and manager. The license holder must submit an updated security plan each year. The Board shall consider the license holder's compliance with the previous year's security plan BEFORE determining whether to approve the license holder's updated security plan. All license holders shall maintain and operate a digital surveillance system with HD camera that provides continuous 24-hour video monitoring without audio capacity, retain the video for 14 days. The Board may authorize an exemption for Class A licenses after consultation with the Baltimore City Police. This bill also requires the Downtown Partnership of Baltimore to enter into a contract with the Baltimore Police Department to hire 2 OT officers to patrol the block from 10pm to 3am on Thursdays, Fridays, and Saturdays of each week. This bill is effective on April 9, 2022.

IT allows for a license located on the 1100 block of Hamburg Street to be unexpired – brought back from termination – until July 1, 2023. This provision expires on June 30, 2023. HB460 – Baltimore County – Alcoholic Beverages Licenses – Transfers

This bill amends Alc. Bev. Art. 13-102 and 13-1604. This bill creates a pathway for the Baltimore County Board of Liquor License Commissioners to transfer Class B and Class D licenses from one election district to another in the County. Under this bill, eligible election districts for transfer must meet certain concentration thresholds. Prior to the passage of this bill, the law discontinued such transfers as of April 30, 2017. The new law allows the Board to approve such transfers from June 1, 2022 until May 31, 2025. Prior to the passage the Board is to receive a letter from the County's Economic and Workforce Development agency to ensure that the transfer of the license will not lead to an economic decline from the transferor location (vs. the destination of the license). Once a Class D license is transferred under the authority of this bill, it shall be converted to a Class B and cannot be reconverted to a Class D. This bill is effective on July 1, 2022.

This applies to class C (country and golf club) licenses, class C (private business club) licenses, class C (private country club) licenses, class C (theater) licenses, and class C (Weinberg Center) licenses. These staff members can be temporarily absent for a personal, business, or emergency reason if the absence meets

standards the Board sets by regulation and last no more than 2 hours. The license holder must keep a logbook of each temporary absence that lists the duration and reason for the absence. Violating this section has a \$100 fine for the first offense, and up to a \$500 fine and suspension or revocation of the license for each subsequent offense. This bill is effective July 1, 2022.
